Source: Bright Futures - Guidelines for Health Supervision of Infants, Children, and Adolescents, 3rd edition and 2nd edition, revised. (Consistent with AAP and AAPD Guidelines)

(If guidelines are updated, most current guidelines will be applied to the audit. If a guideline discrepancy is noted between Bright Futures and a professional medical organization such as; AAP, AAFP or AAN, the Oklahoma Health Care Authority executive medical staff will review and determine the guidelines applied to the audit process.)
